

Admin workflow · Open a customer CRM record

Tresor Couture · automated end-to-end test report

Area	Admin console · Customers / CRM
Test id	admin-w4-crm-detail
Result	PASSED
Duration	17.8s
Executed	2026-08-13T07:51:09.943Z
Environment	Firebase Emulator Suite (Auth + Firestore) loading the production firestore.rules

WHAT THIS VERIFIES

An admin can open an individual customer and see their consolidated history — orders, lifetime spend and returns — which is the context needed before answering a support conversation.

REPRODUCE MANUALLY

1. Sign in as admin@test.local and open #/admin/customers.
2. Confirm the roster shows each account with role, order count and lifetime spend.
3. Click a customer row to open their CRM record.
